**OCCUPATIONAL AND ENVIRONMENTAL HEALTH
A PRACTICAL MANUAL**

ISBN 81 85578 82 6

**by Prof Wai-On Phoon and Ramnik Parekh
with chapters by international experts
374 pages fully illustrated**

Outstanding Book Offer

Prof Wai-On Phoon, Founder-Chairman of the ACMA Charitable Trust, has generously offered a special discount of 10% to all ACMA Members on his fully illustrated publication "**Occupational and Environment Health – A Practical Manual**" by Phoon and Parekh, 2007. The book costs \$55 retail, but is now available to all ACMA Members for \$49.50. Prof Phoon will also donate another 10% of sales to the ACMA Charitable Trust.

The book should be useful and suitable to doctors in all disciplines, not only to those in Occupational or Environmental Medicine. Because teaching in those subjects is usually so deficient in our medical schools, doctors graduate with next to no knowledge in them. A few examples will show their universal relevance to medical practice, eg. asthma (which ones are occupational?), skin diseases (many are due to occupational irritants), allergies (many have implications for domestic or work situations), psychological problems (post-traumatic stress disorders, etc), paediatrics (many congenital malformations could be due to parental exposures at work, lead, etc could impede mental development).

Please contact ACMA office or send/fax return slip to Pymble Medical Consultants to purchase a copy

Yes, I would like to place an order for this book at special discount price of \$49.50 (inclusive of postage and handling) for ACMA members, with 10% of this donated to the ACMA Charitable Trust
